Melvin,

We are happy to have found your company on google. We were very pleased with the service that your company offered. The driver was professional and on time. I wish I could remember our drivers name, (It was very late) but she was very pleasant and we had great conversation on our drive down to Philly. She is a great asset to your company. We took several of her cards to give to clients of ours who also use airport shuttle services. We will be using your service again in the future.

Thank you,  
Biff

Melvin,

I want to thank you and especially Michele, for the great service to and from the Philadelphia Airport Oct. 13 to 17th. 2011. Everything worked out to the letter. Michele was on time for the entire trip. I haven't driven to the Phil Airport in some years and was not looking forward to the drive. This was a pleasure. Michele was personable and very knowledgeable, thank her again for me.

Hi Melvin

Thank you very much for the great service. It was very comfortable and clear and reasonable pricing too. She was so kind and had great time on the trip to JFK. On top of this thanks to her that she knows the best way to get to the airport practically and we could be at the airport on time despite the fact that we had high traffic on the way.

best regards

Wonderful company to work with! They have picked up my son many times both from college and at the airport. They are not only on time, but usually early. They communicate well and have always taken the time to confirm with us the day before our travels.

The first time i used this service i was terrified of being late,missing my flight and having a driver who was rude and yet i would be expected to pay. BUT constant contact was made by the company,driver and I was picked up the time they said even a few minutes earlier. The driver was not only respectful,helpful with the packages but he waiting to ensure i was inside safely before pulling off. It was truly like a relative dropping you off. Recently my motor died and i had a young lady coming from Texas with no car I called the company with only 2hours notice and YES they were there to pick my friend up on such short notice. wow, they are family and I would recommend everyone to patron them. one word comes to mind with them...OUTSTANDING

Hi Michelle,

The shuttle experience was overall excellent. I have already passed on my recommendations to my fellow colleagues. In my case, the flight got delayed by 2.5 hours and I was not able to reach the during this 2.5 hours. Still the driver (Kurt) waited patiently and did not show any sign of displeasure about the wait. He was very friendly throughout the trip. I was very pleased with Cheap Airport shuttle.

Thanks

Good Service! We were lucky to get a service 4 a.m from Central Phila to JFK. The rate was reasonable, the driver was prompt, and was able to accomadate us and our kids luggages. On our return trip, they were already waiting for us which was great that we didnt have to wait, or share a ride with many passengers. Thanks cheap airport shuttle!! andre and sara.

Awesome Service I have used this service for some time now, and I am completely satisfied by the prompt service and professionalism of the drivers. This is the only service I call for all of my travel needs, there is no reason to look anywhere else. The vans are clean and spacious and the drivers are very polite, dependable and accommodating. With a limited budget to travel, their price is always right. I highly recommend this service for your travel needs!!
